

Magnetic Design

Attach and Go !

Powerful Performance
for All Your Devices

USB 4.0 (40Gbps) | P30 Portable SSD (Type-C)

The P30 USB4.0 Super-Speed Magnetic SSD is expertly designed for mobile users, offering seamless support for Apple ProRes recording. With MagSafe compatibility, it effortlessly attaches to your iPhone, providing a convenient, hands-free storage solution. Equipped with USB4.0 Type-C connectivity, the P30 delivers lightning-fast transfer speeds of up to 4000MB/s, allowing you to move games, photos, and videos between any device with USB Type-C in mere seconds. Whether you're at home or on the go, take your data anywhere with ease.
