M.2 PCIe | **S70 Lite** GEN3X4 NVMe

The Addlink S70 Lite Gen3x4 SSD is perfect for laptops due to its slim profile of less than 2.25mm in height (single-sided flash). It effortlessly integrates into M.2 2280 NVMe mobile devices without disrupting their mechanics. With read/write speeds reaching up to 3500/2600MB/s, the S70 Lite closely matches the performance of PCIe Gen4x4. Unlike the Gen4 SSDs known for higher heat output, the S70 Gen3x4 SSD operates within a 40-55 degrees Celsius range, ensuring your laptop remains cool during operation.

HARDWARE INFORMATION	Capacity	256GB	512GB	1TB	2TB
	Dimensions Interface Form Factor	80(L)x22(W) NVMe GEN3x4 M.2 2280			
PERFORMANCE UP TO	Seq. R/W (MB/s)	3000/1000	3000/2000	3200/2600	3500/2600
RELIABILITY	Operating Temp. Storage Temp. MTBF	0°C ~ 70°C -40°C ~ 85°C 1.8 Million hours			
WARRANTY	Period	5 Years Warranty			
SUPPORT FUNCTION	TRIMM DEVSLP, Garbage Collection, ECC, S.M.A.R.T, SLC Caching, Wear Leveling, Bad Block management, Over-Provision, RAID Protection
